

# LEAF RUBBING

This is a really simple activity to do and you don't need to have great artistic skills.

You will need:

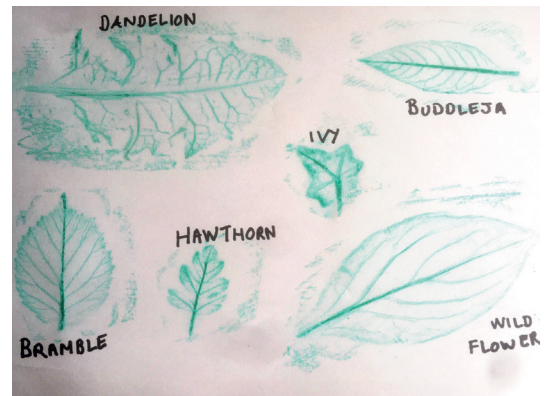

- Wax crayon
- A piece of white paper
- Some leaves

Before you start, just remember a few things:

- Try to use fallen leaves.
- Put the leaves back if you're not going to use them for craft.
- Don't pick stinging nettles.

## HOW TO LEAF RUB

- 1 Simply place the leaf under the piece of paper, with underside facing up.
- 2 Use the side of the crayon and gentle rub all over the area of the leaf until you can see its pattern emerging.
- 3 Use either a book or the internet to help you identify the leaves.

# LEAFY HEDGEHOGS

With the leaves you collected use the crayon to draw the face and body of the hedgehog. Then with a little glue make a really cute little leafy hedgehog.

Have fun and don't forget to take a picture of your leafy hedgehog and send it to us.
